

# Ivan Komarenko, That's what Papa said

It's a simple song  
about a humble guy  
who became the pope  
The plan was just divine  
Heaven must have sent  
this pilgrim of all time  
sowing seeds of love  
so deep in people's minds

That's what Papa said  
Oh have no fear inside  
Never be afraid  
and open up your mind  
That's what Papa said  
Let love reign in your heart  
Have no fear inside  
Let Jesus be your guide

Magic words of wisdom  
spread around the world  
by this modest man  
who loved us heart and soul  
Listen to his words  
They'll never fade in time  
Everlasting truth just written in the sky

That's what Papa said  
Oh have no fear inside  
Never be afraid  
and open up your mind  
That's what Papa said  
Let love reign in your heart  
Have no fear inside  
Let Jesus be your guide

That's what Madiba said ....  
Oh have no fear inside  
Never be afraid  
and open up your mind
