

# Ivy, I Think Of You

I think of you  
Whenever I'm alone.  
Whenever I get lonely.  
I think of you  
Wherever you may go.  
I know that you are only  
One dream away.

So don't give up, baby.  
Don't give in.  
If we try we can begin again.  
I know what we've been through.  
But I still think of you.

I think of you  
Whenever I get down.  
Whenever I get weary.  
I think of you  
When you're not around.  
I wonder if you hear me  
Call out your name.

So don't give up, baby.  
Don't give in.  
If we try we can begin again.  
I know what we've been through.  
But I still think of you.
