

# Ivy, This Is The Day

Sooner or later she feels the morning come.  
Isn't it safer -- dark thoughts all gone.  
What a sensation.  
She has made it through one more tomorrow.  
Raising up her eyes to a brand new sky  
She knows the truth at last --  
She's never coming back.

She'll be gone.  
So many years...  
She'll be gone.  
Melting away...  
She'll be gone -- this is the day.

Someone is walking up to the bedroom door.  
Hearing him knocking --  
She knows what it's for.  
She's at the window wondering why there is no one to save her.  
Raising up her eyes to a brand new sky  
She knows the truth at last --  
She's never coming back.

She'll be gone.  
So many years...  
She'll be gone.  
Melting away...  
She'll be gone -- this is the day.

Raising up her eyes to a brand new sky  
She knows the truth at last --  
She's never coming back.  
She'll be gone. So many years...  
She'll be gone.  
Melting away...  
She'll be gone -- this is the day.
