

Iza Lach, No Ordinary Affair (ft. Snoop Lion)

I thought I would never do something like that
But it happened so fast
The way that you look into my eyes
It was love ? you can?t deny

I?m standing here
Outside your place
And I?m watching you
And I?m watching you
And they don?t know
About your lies
But It?s been so long
And this time truth can be rough

I found true love
And I?m not prepare
For us to break this love that sure isn?t fair
They'll never know how much you will hurt
For us to break no ordinary affair
No ordinary affair
No ordinary affair
No ordinary affair
