

Iza Lach, Oh Boy

I live for this guilt ...
But to loose you is a pain
I Can't describe
Whenever I can feel you touch
In my head there's scream
I need so loud
I wanna hold you forever
Don't ask me to stop
I can do this till I die
I never thought there's a way
I can love this much
Oh Boy
This is heaven

And now I'm losing love
Every single day
In fact I'm losing all
No matter how I want us to be ok
We can fighting, fighting
