

J.B.O., Head Bang Boing

Mama was queen of the headbang
Papa was head of the banggang
No one went crazee
When they could be seeing me n my boing thang
They say i'm a clown
Making too much dirty sound
They say there is no place
For banging boinging in this town

King of the headbang, king of the headbang boing!
Banging not only your head, baby.
King of the headbang, king of the headbang boing!
Banging not only your head.

I went to the big town
Where there is a lot of sound
But nobody go crazee
When i bang my head so i be going
Every banger like to be
In my place instead of me
Coz i'm the king of headbang baby
I'm the king of headbang boing!

King of the headbang, king of the headbang boing!
Soon be banging boinging you
King of the headbang, king of the headbang boing!
Soon will bang you boing you too
King of the headbang, king of the headbang boing!
I'm the king of headbang baby soon i will be banging you
King of the headbang, king of the headbang boing!
I'm the king of headbang baby soon i'll bang you boing you too

When I was a kid
Nearly everything I did
Was getting myself ready
For banging with my heady
When I get off my bed
At once I start to bang my head
And I will bang my head
until the day that I'm dead

King of the headbang, king of the headbang boing!
Banging not only your head baby
King of the headbang, king of the headbang boing!
Banging not only your head
King of the headbang, king of the headbang boing!
I'm the king of headbang baby soon i will be banging you
King of the headbang, king of the headbang boing!
I'm the king of headbang baby soon i'll bang you boing you too

Ich schttle nicht mehr, mon amour
Ich schttle nicht mehr, tous les jours!
