J.J. Cale, Disadvantage

(Tim Drummond, Jim Karstein, Christine Lakeland, Spooner Oldham, J.J. Cale)

Sometime in the morning, before the break of day I lose my direction, I can't find my way I can't find nobody to tell my troubles to I get so sad and lonesome Guess I'll tell 'em all to you Got me at a disadvantage, you had me outta here I just want loving, the way don't seem clear Got me at a disadvantage, that's the way I feel Love is for real Some kind of fascination, that's the reason why First time I seen you, you were so shy Got me at a disadvantage, that's the way I feel Love is forever Love is for real
