

J.J. Cale, Lights Down Low

Keep my lights down low
Keep my lights down low
Keep my lights down low
No trouble you know
Keep my lights down low

Got a home down south
On the river route
It's a funky dream
It's a funky scene
All the law will allow

Got a junk yard dog
Got a cow and a hog
It's a country style
It ain't too wild
Getting by you know

Well I keep it all hid
Keep it under the lid
Got a long-legged girl
She's the best in the world
Ain't advertising you know

Just doing my thing
Just doing my thing
Just doing my thing
Can you hear me sing
Just doing my thing

Keep my lights down low
Keep my lights down low
Keep my lights down low
No trouble you know
Keep my lights down low

Keep my lights down low
Keep my lights down low
Keep my lights down low
No trouble you know
Keep my lights down low
