

# Ja Rule, Put It On Me (Ft. Vita & Lil Mo)

Where would I be without you, baby?  
So if you need me, if you want me to put it on you  
Because I love you & don't you forget it  
Whenever you need me  
If you want me to put it on you, come on  
Darling where would I be?  
(Where would I be without you?)  
Baby, without you

Where would I be without my baby? (Baby)  
The thought alone might break me,  
& I don't want to go crazy  
Both: But every thug needs a lady.

Man I feel like you & me been born in together  
Inseparable, you choose pain over pleasure  
For that you'll forever be part of me  
My body & soul, ain't no I in we, baby  
When you cry who wipes your tears? (You)  
When you're scared who's telling you there's nothing to fear? (You, you, you)  
Girl, I'll always be there  
When you need a shoulder to lean on never hesitate  
Knowing you can always call on your soul mate & vice versa  
& That's why I'll always be the first to see you come  
& Frost your wrist up, now you owe me  
Both: I know you're tired of being lonely  
So baby girl put it on me.

Where would I be without you? (Where would I be without you?)  
I only think about you. (If what you're saying is true.)  
I know you're tired of being lonely, (I need someone to hold me.)  
So baby girl put it on me. (I will, I will, I will.)  
Where would I be without you? (What'd I be without you?)  
I only think about you. (If what you're saying is true.)  
I know you're tired of being lonely, (So I need you to hold me.)  
So baby girl put it on me.

I appreciate the rocks & gifts that you cop me, baby  
& The house on the hill where you dropped like 80  
On the down payment thinking, Damn, ain't life crazy?  
& Ever since for my honey I've been twice the lady  
What would I do without the nights that you kept me warm? (What would I do?)  
When this cold world had a girl caught in a storm  
& I accept who you with when you caught in the wrong  
& Respect when you flip cause our love is strong  
& When you hit the block I'll watch for 10/4  
& When my Pop is asleep just knock on the back door  
Baby Boy, we been down since Jr. High  
So when life get hot in July, it's the world against you & I  
We balling together & never part from the heart  
Knew that it would last forever  
When you told me you would never leave me lonely (Lonely)  
So baby boy put it on me

Where would I be without you? (Where would I be without you?)  
I only think about you. (If what you're saying is true.)  
I know you're tired of being lonely, (I need someone to hold me.)  
So baby girl put it on me. (I will, I will, I will.)  
Where would I be without you? (What'd I be without you?)  
I only think about you. (If what you're saying is true.)  
I know you're tired of being lonely, (So I need you to hold me.)  
So baby girl put it on me.

Since we met it's been you & I

A tear for a tear, baby, eye for an eye  
& You know that my heart going to cry if you leave me lonely  
Cause you not just my love you my homie  
Who's going to console me? (My love.)  
I'm out of control hold me. (My love, cause I'm yours)  
& I don't want to do nothing to hurt my baby girl  
If this was our world it would be all yours, baby  
The thought alone might break me (Break me)  
& I don't want to go crazy (Crazy)  
Cause every thug needs a lady (Yes, he does)  
I forgive you baby cause those eyes ain't lying  
Wash away all the tears baby no more crying (No more crying)  
Baby, and you complete me & I would die if you ain't with me  
So baby girl put it on me (Come on)

Where would I be without you? (Where would I be without you?)  
I only think about you. (If what you're saying is true.)  
I know you're tired of being lonely, (I need someone to hold me.)

Where would I be if it weren't for you, baby?  
Cause I'm so tired of being lonely  
Where would I be if it weren't for you?  
Cause I'm so tired of being lonely  
Don't you know that I love you, I need you, I want you
