

# Ja Rule, Suicide Freestyle

[Case]

Ummm, Say all that I want to do  
Is to live my life  
Ummm, but everytime I turn around  
Another nigga dies  
Niggas catchin five to ten years  
And it just ain't no use

[Ja Rule]

Uhh, uhh, ever heard of a nigga dying twice  
My love is just to live my life  
Till the Lord decides to out my lights  
Oh I know why niggas ain't prepared to die with me  
But we all got to die one day  
Even though the life has captured me  
Money, drugs and prisons, menages with women  
Forgive me God for living  
For I have sinned  
Now everybody wanna cage me in  
Don't make no difference cause I'm still here  
Breathing, can I get a witness?  
My life is misleading, hey  
Hey, cause anybody wanna fuck with me  
Come on just grab your heat my niggas  
Don't ever doubt your niggas  
What's life without my niggas?

Talk to my niggas heart to heart  
We all live from hustlin' to ballin'  
It's crime we fall in  
Feds keep a lens peakin' through the Venetians  
But secret indictments  
Ya'll niggas is reachin'  
C'mon I'm in the business to break niggas  
And anybody that want it get it hot from the INC. niggas  
Ja Rule ready to kill niggas  
Bury 'em all  
Lookin to lay them down big to small  
Got the world in awe 'cause I'm spittin' the raw  
Never seen, never heard before but truly yours  
I'ma max out on niggas doin 2 to 4's  
Bang a nigga in the yard then get rid of the board  
Just because a nigga don't give a fuck get weeded and Hennied up  
Still the ball out be nuts  
Since you keeping in touch feel the guns bust for sure  
If you want any more
