

# Jaafar Jackson, Got Me Singing

I'm on my way to you  
so glad you called my phone  
I told my mind about you  
my heart is ready to fall

everything had on baby  
no fun when you play so hard  
if anything let's be one babe  
let's fall in love tonight

I will not stop  
'till I hear you say  
oh, baby, I am all about you  
want it to last  
by your day to day

oh girl it's all about you  
you got me singing  
keep smiling it feels nice

phone off all mine  
innocent kisses  
all night  
all noise aside

everything had on baby  
no fun when you play so hard  
if anything let's be one babe  
let's fall in love tonight

what to do? /2x  
I am feeling you  
you feeling me too  
I went out, out of my way  
and you said  
nothing on the first day
