Jaci Velasquez, Every Time I Fall

Words and music by Jeremy Base and Paul Evans
Chorus:
Every time I fall a little bit harder
Every time I fall a little bit farther
Every time I fall
I fall right back into your arms
Every time I try
To explain the reason why
I have let You down
I fall to the ground
What is it You see in me
That makes You believe
No matter how far I stray
I will still find the way
Just when I think I'm not strong enough
You reach out to me and You lift me up
Repeat chorus
Time and time again
When I think I've reached the end
It's Your voice I hear
That draws me near
I don't know what makes You stay
When I act this way
No matter what we've been through
I can turn to You
Just when I think I'm not strong enough
You reach out to me and You lift me up
Repeat chorus
You find the beauty in my imperfections
The guiding light in all my misdirection
And when I think You've finally given up
You fill my heart with unconditional love
Every Time I fall
I fall back in Your arms
Repeat chorus 4x
