

# Jaci Velasquez, He

Heaven is a place...  
Where mothers don't have to cry for their babies  
Wonderin' if they'll live to see 16  
Fighting in the street for some money wonderin' if they'll ever make ends meet  
Heaven is a place that everyone dreams of, filled with kindness flowing with the real love  
One day I'm gonna climb those golden stairs  
But until I get there,  
(He) is working on me  
(He) never leaves me  
(He) lets me know that I am not alone in the darkness  
(He) wants me to be happy  
(He) smiles when I'm laughing  
(He) makes me believe  
Heaven's a place  
Here, in my soul if I listen  
There, even when I think it isn't  
Building everywhere that I go  
Calling out so that I can follow  
Love is a place and it's all around us  
Like a circle, it's around us  
Where I wanna be, until I learn to fly  
Until I reach the sky  
(He) is working on me  
(He) never leaves me  
(He) lets me know that I am not alone in the darkness  
(He) wants me to be happy  
(He) smiles when I'm laughing  
(He) makes me believe  
Him, He knows Ohh Ohh  
You know, He knows you Oh Oh He knows me too yeah  
(He) is working on me (He's working on me)  
(He) never leaves me (He never leaves me)  
(He) lets me know that I am not alone in the darkness  
(He) wants me to be happy  
(He) smiles when I'm laughing  
(He) makes me believe  
Him, Ohhh  
He's working on me  
He never leaves me Oh Oh Oh  
He's working on me  
Yeah, HE never leaves, He always listens  
Oh he loves me, Yeah Yeah
