

Jack Blanchard & Misty Morgan, Chapel Hill

Don't leave me alone on Chapel Hill in the silver mist in the midnight chill
Oh the moon is rising and the night is still don't leave me alone on Chapel Hill
They placed the flowers on me on Chapel Hill I'm gonna be so lonely on Chapel Hill
I wanna live in the sunshine or feel the autumn chill don't leave me alone on Chapel Hill
Can't you hear me mama can't you hear me cry
Don't walk away papa don't say goodbye
Don't you know I love you and I always will don't leave me alone tonight on Chapel Hill

Oh well I feel so afraid on Chapel Hill as the voices fail from Chapel Hill
And now the service is over and everything's still and I'm all alone on Chapel Hill
Can't you hear me mama...
Don't leave me alone on Chapel Hill...
