

Jack Bruce, Mr Flesh

Come on Mr Body that's enough of that
It's good to be faithful
But it ain't natural
I wasn't put on this earth
To be still and fat
It's good to be truthful
But it ain't natural
But I'll be truthful to you baby
I'll be true to you baby
I'll stay fit and hungry
'Cos you know what natural feels like

Come on Mr Flesh
Knock off that shit
It's good to be clean
But it ain't natural
Don't mind bein' straight
But I'm bored with it
I'll be true to you baby
I'll stay fit and hungry
'Cos you know what natural feels like...

Come on Mr Flesh
Knock off that shit
It's good to be clean
But it ain't natural
Don't mind bein' straight
But I'm bored with it
It's good to be healthy
But it ain't natural
But I'll be clean for you baby
I'll be healthy for you baby
I'll be straight for you baby
Cos you make natural smell good
