

# Jack Bruce, No Surrender

Chorus I:

No Surrender!  
You've got to stand alone  
Until temptation has gone  
Everybody's talkin' 'bout walkin' tall  
But from this moment on  
You've got to answer the call  
No Surrender!

Steal all my bread  
Til my pocket's dead  
I don't hear a word you say  
Suck on my soul  
Til you've reached your goal  
I'll never give myself away  
No I'll never give myself away

Demolish my house  
I'll scream and shout  
But I won't do a thing you ask  
Kick down my door  
Or start a war  
I'm never gonna let you pass  
No I'm never gonna let you pass

Chorus II:

No Surrender!  
You've got to be a man  
You have to make your last stand  
Everybody's crying and trying to run  
Hold fast and let them pass  
The battle's hardly begun  
No Surrender!

Shoot down my kite  
Take king-sized bites  
Of the apples I know and love  
Groove on my lot  
Rip up my roots  
I'll never let you get above  
No I'll never let you get above

Dump on my lawn  
And poison my corn  
Drag my name all over town  
Call up your guns  
Everybody run  
I'm still gonna cut you down  
Yes I'm still gonna cut you down

Chorus III:

No Surrender!  
You cannot be afraid  
Of mistakes that you made  
Everybody's running for shelter  
You know your destiny  
You have to make the parade  
No Surrender!

Steal all my bread  
Til my pocket's dead  
I don't hear a word you say  
Suck on my soul  
I've reached my goal

I'll never give myself away  
No I'll never give myself away
