

# Jack Greene, Don't Wake Me I'm Dreaming

It sure is good to be back in your arms again to be loving you the way I used to do  
I knew all along someday your love I'd win  
That time would finally bring me back to you  
Don't wake me I'm dreaming don't wake me I'll cry  
Let me keep this feeling don't let my dream world die

[ piano ]

Your lips are touching mine the way they used to do  
You're saying all the words I wanna hear  
I've forgiven you for leavin' with your someone new  
And all that matters now is that you're near  
Don't wake me I'm dreaming...  
Don't wake me I'm dreaming don't let my dream world die
