

Jack Greene, First Day

[Both]

This is the first day of the rest of our lives

[Jack]

I'm thankful that in time we rally realize

[Both]

Our yeaterdays have made our hearts see eyes to eyes

This is the first day of the rest of our lives

[Jack]

I feel like I've awoken from a bad and lonely dream

Like a blind man who's just regain his sight

[Jeannie]

Yes and I feel like you're holding me for the very first time

Fot the first time sweetheart we've seen the light

[Both]

This is the first day of the rest of our lives

[Jeannie]

I'm thankful that in time we rally realize

[Both]

Our yeaterdays have made our hearts see eyes to eyes

This is the first day of the rest of our lives
