

Jack Greene, Walking On New Grass

I'm like a cloud drifting from town to town each new love just helps me on my way
No one woman's ever gonna tie me down
When one gets too close I just back up and say
Well I gotta be walking on new grass singing a new song
Tomorrow there's no telling where I'll be
Well I gotta be walking on new grass singing a new song
The next town up the road keeps calling me

I'm warning you don't fall in love with me I don't plan on being here too long
You're just a leaf caught in a playfull breeze
I'll carry you a while then I'll be moving on
Yes and I'll be a walking on new grass...
[guitar]
I won't take roots I never stay that long and a bad seed just won't grow anyway
This rolling stone don't wanna gather no moss
So when the grass starts to grow then I'll be on my way
Yes and I'll be a walking on new grass...
