

Jack Greene, Your Favorite Fool

Tell me lies and hurtin' things make me cry and feel ashamed
I don't care what I go through as long as I'm your favorite fool
Make me blue as I can be be untrue and walk on me
I don't mind the things you do as long as I'm your favorite fool
I could stand anything you put me through anything that I thought of losing you
On my knees I'd crawl for you as long as I'm your favorite fool
As I'm your favorite fool
