

# Jack Harlow, Like A Blade Of Grass

Like a blade of grass wants sunlight, I just want that ass  
You type of girl I would've flirted with in class  
Copied every test, be the reason that I passed  
I know we could have a blast  
We could have a kid, am I movin' too fast?  
Know I'm not your first, but I could be your last  
You can't even get gas without bein' harrassed, mm  
Some of these girls in the mix more than engineers  
But I think you'd rather disappear  
You don't know where you gon' end up, but you know it probably isn't here  
I gotta put you in a different tier  
IG private, spend her own money on the whip that she drivin'  
Thick thighs and I can tell it's warm, baby, can I please dive in?  
In her prime, she's thrivin'

Met you in the dark, tryna put that light on you  
Could buy you anything, let me spend some time on you  
'Cause I want to, mm  
"I think I want you too, I think I want you too"

"I think I want you too  
Truthfully I only give it up to very few  
Truthfully, my body count is low, it's only two  
I know that you probably don't believe me, but it's true  
Had a boyfriend I dated for like five years in school  
Then another one I dated for like two  
'Til he moved, since then, I been cool  
Focused on myself, what 'bout you?"  
I mean, shit, I been chillin'  
We just got off tour and we sold out every building  
"You probably had hella bitches on you", not really  
"Boy, stop lyin', ha, you silly"  
Anyway, when you free I'm down to take you out, any day  
Gotta duck the cameras, they gon' treat us like we Kim and Ye  
I ain't tryna keep you low, but this is high stakes  
Life like this sure is sweet, tell me how it taste, taste, taste, taste

Met you in the dark, tryna put that light on you  
Could buy you anything, let me spend some time on you  
'Cause I want to, mm  
"I think I want you too, I think I want you too"
