

Jack Harlow, Way Out (feat. Big Sean)

Shit is a jam
Shit is a jam
I can tell who's on the way out
25 shadows check the pay out
I ain't going home imma stay out
Mu*** hate you when they lookin for a way out
I just sit back and let it play out
And she gon let me hit it
And day now
What you gonna say now?

My ex girl got a baby
But she still let me stay now
I got a Dallas ans an H Town boo
