Jack Ingram, All I Can Do

I always believed and followed Trusted in things, relied on faith Faith let me down in hollow Now I have found another way

CHORUS

All I can do is what you want me to do
But I don't
All I can say is what you want me to say
But I won't
All I can prove to you is I got nothing left to prove to you
Truth is that anything for you is all I can do

Everything is an empty promise All that you say lies to me Silver and gold, shiny polish It ain't worth anything if it ain't what you need

CHORUS

All I can do is what you want me to do
But I don't
All I can say is what you want me to say
But I won't
All I can prove to you is I got nothing left to prove to you
But at the end of every day, blinded by the truth
Anything for you is all I can do

It's all I can do It's all I can do It's all I can do

All I can prove to you is I got nothing left to prove to you But at the end of every day, blinded by the truth Anything for you is all I can do

It's all I can do It's all I can do It's all I can do
