

# Jack Ingram, Hey You

Don't you ever get tired of the noise?  
Don't you ever get bored with the crowd?  
If they had so much to say would they have to talk so loud?  
Why don't we get outta here  
Cause I wanna whisper in your ear

Chorus  
Hey you  
Are you listening to me  
I gotta tell you what you mean to me  
You're the one I wanna tell my secrets to  
Hey you

There's some things that I need to say  
There's some things we gotta talk about  
I gotta have your full attention  
Cause I don't wanna have to shout  
Even though you're right here near me  
I wonder if you even hear me

Chorus  
Hey you  
Are you listening to me  
I gotta tell you what you mean to me  
You're the one I wanna tell my secrets to  
Hey you  
Hey you  
Hey you

Everybody's just dying to be heard  
Everybody they wanna know why  
Everybody's gotta have the last word  
And it's always gotta be goodbye  
Why don't we get outta here?  
Cause I wanna whisper in your ear

Chorus  
Hey you  
Are you listening to me  
I gotta tell you what you mean to me  
You're the one I wanna tell my secrets to  
Hey you  
Are you listening to me  
I gotta tell you what you mean to me  
You're the one I wanna tell my secrets to  
Hey you  
Hey you  
Hey you
