

# Jack Ingram, One Lie Away

J. Ingram/J. Lauderdale

Everything I ever wanted  
Is one lie away  
To be so close and now to know  
Theres nothing we can say  
For the things I cant take back  
Severely I will pay  
And everything I ever wanted  
Is one lie away

Chorus

Being so wrong doesnt take long  
But not holding on goes on and on

And if you could see  
Whats left of me  
Has to go through everyday  
Youd know everything I ever wanted  
Is one lie away

Chorus

No you cant take back your actions  
Only hope and pray and change  
And everything I ever wanted  
Is one lie away
