

# Jack Ingram, She Don't Love You

Man you ain't done nothin wrong  
Come on see the light  
There ain't a thing that you can do  
It don't matter how to try blow with all your might  
That girl don't need a reason to be blue

Chorus  
Chase her all you want  
Promise to be true  
Man you ain't done nothin wrong  
She just don't love you

You've been hangin' in watchin' her hang out  
She don't even tell you where she goes  
Says she's with a friend does she have to shout  
Why can't you see what everybody knows

Chorus  
Yea but these lies won't last long  
Come on grab a clue  
Man you ain't done nothing wrong  
She just don't love you

And I know what your goin through I've been there myself  
You ain't gonna listen to no one  
Yea but when it's all over and you've had enough  
And she's had all her fun  
Well remember this my friend  
Man you ain't done nothing wrong  
She just don't love you

Chorus  
Chase her all you want  
Come on grab a clue  
Man you ain't done nothin wrong  
No you ain't done nothin wrong  
Man you ain't done nothin wrong  
She just don't love you
