

Jack Jersey, In The Still Of The Night

In the still of the night I dream of you
My life is empty
girl I don't know what to do.
I hear your footsteps
So I open my eyes
I'm all alone in my room
when you're not there.
Little girl to hold me tight.
Tomorrow is another day without you.
I beg you
please come home
for I need you!
I feel so lonely
my love has gone
I'll give my love ev'ry day
So baby please hear me my pray.
I'm so alone. I woLld change my life
Please come back home
I'll give my love ev'ry day

. . .
Tomorrow is another day without you

. . .
I feel so lonely
