

Jack Johnson, Symbol in My Driveway

I've got a symbol in my driveway
I've got a hundred million dollar friends
I've got you a brand new weapon I
lets see how destructive we can be

I got a brand new set of stencils
I been connecting all the dots
Got my plans in a zip lock bag
lets see how unproductive we can be

I got a light bulb full of anger
and I can switch it on and off
in situations it can be so bright
I can't believe, how pathetic we can be

I got a perfect set of blue prints
I'm gonna build somebody else
Might cost a little more than money
but whats man without his wealth

I got a phosphorescent secret
but don't you tell nobody else
Next thing you know
the whole world will be talking
About all the clues they got
they just aint no use
they got fooled
