

Jack Off Jill, Girlscout (Sunday Mix)

Did you never want it more
If you want it, if you want it
Did you never it more, if you want it

And i was never your number 1 fan
How can i grow a girl when you never were a man
And i was never your number 1 fan
How can i grow a girl when you never were a man

Kissed by a star Kissed by a star
Hurt by a star, fucked by a star
kissed by a star, kissed by a star
kissed by a start, kissed by a star
hurt by a star, fucked by a star
kissed by a star, kissed by a star
kissed by a star, kissed by a star
kissed by a star, hurt by a star
fucked by a star, kissed by a star
kissed by a star, kissed by a star

Fuck what i want, fuck what i need
I'll sacrifice what i believe
My little girlscout, my little girlscout
