Jack Off Jill, I Touch Myself

I love myself I want you to love me When I feel down I want you above me I search myself I want you to find me I forget myself I want you to remind me

I don't want anybody else When I think about you I touch myself I don't want anybody else I touch myself

You close your eyes and see me before you Think you would die if I were to ignore you A fool could see just how much you adore me Get down on your knees and do anything for me

I don't want anybody else When I think about you I touch myself I don't want anybody else

I'm the one who makes you come running You touch your colen all the time When you're around your always waiting I want to make you mine

I love myself I want you to love me When I feel down I want you above me I search myself I want you to find me I forget myself I want you to remind me

I don't want anybody else When I think about you I touch myself I don't want anybody else

I don't want anybody else When I think about you I touch myself I don't want anybody else

I don't want anybody else When I think about you I touch myself........
