

# Jack Off Jill, Nazi Halo

Take a souvenir and stop your staring  
Just cause I'm screaming  
Don't mean I'm sharing  
Can't keep my mouth shut  
if you keep that dress on  
You can't negotiate  
Not with me this time

You go so low  
Your faggot rainbow  
Your Nazi Halo  
Won't save you this time

Bring your IQ and try to understand  
Just cause I'm listening  
Don't mean we're still friends  
Can't fix my problem  
You crossed a thin line  
You can't just work it out  
Not with me this time

You go so low  
Your faggot rainbow  
Your junkie ego  
Won't save you this time

You go so low  
Your tragic disco  
Your Nazi Halo  
Won't save you this time

Time, time, time, time

You're so predictable no shadow of doubt  
When you are suffering know who sold you out  
Fuck your opinions  
Fuck your lack of spine  
When you are miserable  
Know that I'm just fine

You go solo  
Your faggot rainbow  
Your junkie ego  
Won't save you this time

You go solo  
Your tragic disco  
Your Nazi Halo  
Won't save you this time
