Jack Off Jill, Surgery

I can change I can cut it open Look at me the way you did before I can change Diagnose the symptom Buy the anecdote but not the cure

Hold me under Cut away this empty Hold me under Change the way I feel about you

I can change I'll correct the defect Repair the injury called you and me I can change I'll surrender to it I can suffer with the best of them

Hold me under Cut away this empty Hold me under Change the way I feel about you

I can't change I'll replace the decay Make you second guess your everyday I can't change I'll survey the damage Kill the narcissist with his reflection Until tomorrow

Hold me under Cut away this empty Hold me under Change the way I feel about you

Hold me under Cut away this empty Hold me under Change the way I feel about you

Until tomorrow
