

Jack Off Jill, Underjoyed

The doctor released me
A case of underjoyed
No lack of nutrition
Something I can't avoid
No mental condition
Maybe I'm paranoid
Or maybe

Maybe
I'm just bored
I'm just damn bored
I'm just damn bored
I'm just damn bored

An old friend convinced me that he was underjoyed
He never caused friction
His ego he destroyed
He made a decision
He jumped into the void
Or maybe
Maybe he's just bored
He's just damn bored
He's just damn bored
He's just damned

Drown your fears in alcohol
Everybody slips and falls
Choke on every dream you ever had
Drown your fears in alcohol
Everybody slips and falls
Choke on every dream you ever had
Keep yourself in six degrees
No one ever comforts me
Why should they bother
When I'm alone and I'm so damn bored
I am so bored
I am so bored
I am so bored
I am so
No No No No
Bored
I am so bored
I am so bored
I'm so damned
That keeps me underjoyed
