

Jack Penate, Have I Been A Fool?

We made amends but nothings mended
As what I gave can not be mended
I led you on but leadings wrong
I made a meal of it and stumbled
We both knew that my cookie crumbled
I led you on but leadings wrong
A kiss is just a kiss
I think that's what fools say
But that is what this is
Have I been a fool? Just say, say, say
Have I been a fool? Just say
Have I been a fool? Just say
Have I been a fool? Just say
You made a mountain of a molehill
Well that's what I will tell myself still
I led you on and leadings wrong
I made a meal of it and stumbled
We both knew that my cookie crumbled
I led you on but leading's wrong
A kiss is just a kiss
I think that's what fools say
But that is what this is
Have I been a fool? Just say, say, say
Have I been a fool? Just say
Have I been a fool? Just say, say, say
Have I been a fool? Just say
I've been told I'm cruel
Due to what I do
I've been told I'm cruel
To you
Have I been a fool? Just say, say, say
Have I been a fool? Just say
Have I been a fool? Just say, say, say
Have I been a fool? Just say
Have I been a fool? Just say
