

Jackie Boyz, Invisible

Invisible

Invisible

[Verse 1:]

You know you're wasting you time

Asking him to be true

He never loved you the same way as I

Picking up the pieces your heart

Trying to start over again

You wanna find your way out

Girl, I'm here to till end

[Hook:]

Here I'm right inside

Until the end of time

Not a day goes by

Without you on my mind

Baby, I wanna make it clear (clear)

Girl, I want you for me

Girl, you gotta know, gotta know

[Chorus:]

I feel invisible

I'm so alone

I can't go on

My love is gone

Now I feel invisible

Oh I can't believe

That you ain't here with me

That you ain't here with me

I'm so lost, lost, lost

I'm so lost, so lost

I feel invisible

Girl, it's you I need

So come back to me (me)

Oh (me)

[Verse 2:]

Wanna see the smile on your face

When you look into my eyes

Like no one else exists

Baby, it's just you and I

Could you see things as I do

Would you try to

I know that you're still right here

But I keep calling

[Chorus]

Calling out your name

Gonna hoping that you hear me

Not a night I slept

Ever since the day you left

Oh baby, I wanna make it clear

Girl, I want you for me

You gotta know, gotta know

[Chorus:]

I feel invisible

I'm so alone (oh)

I can't go on

My love is gone

Now I feel invisible (invisible)

Oh I can't believe

That you ain't here with me

That you ain't here with me

I'm so lost, so lost, lost

I'm so lost, so lost

I feel invisible

Girl, it's you I need

So come back to me

(I need you, baby)
[Bridge:]
I need you, come back to me
I'll promise, girl that I'll be true
(See I'll be true)
I'll never leave or please someone
(I'll never leave you, baby)
And girl you know I miss you so
(Girl, come back home)
I'll never let you go
[Chorus: x2]
I feel invisible
I'm so alone
(I'm so alone)
I can't go on (no)
My love is gone
(Love is gone)
Now I feel invisible
Oh I can't believe
That you ain't here with me
That you ain't here with me
I'm so lost, lost, so lost
I'm so lost, so (I'm still looking at you, baby) lost
I feel invisible
Girl, it's you I need
So come back to me
(You're the only girl I needed)
Invisible
I'm so alone
I can't go on
Love is gone
Now I feel invisible
Oh I can't believe
That you ain't here with me
That you ain't here with me
I'm so lost, lost
I'm so so lost
I feel invisible
Girl, it's you I need
(You I need)
Come back to me (me, me)
