

Jackie Greene, Hearts And Hats

I was walking down the avenue
parading with a Paulie Girl
grinding my teeth on the evening news
the whore's wore wholesome business suits
and the taxi's n pimps were in cahoots
with some esteemed officer of the law
and Mantino's juice and sandwiches
had closed up for the evening
kind of like my heart when you go by
and i'll tip
heavy hearts and hats to you
do anything that you want me to
all you got to do is say the word
