

# Jackie Lomax, Hold On To Your Loved One

Once there was music that used to warm my soul  
I once had feelings you might never know  
Hold on to your loved one  
Too soon she'll be long gone  
Hold on to your loved one  
She's the only one

I once saw beauty in the most unpleasant things  
Now I can't even see myself, how can I see anything else?  
Hold on to your loved one  
Too soon she'll be long gone  
Hold on to your loved one  
She's the only one  
She's the only one  
She's the only one

I once heard a story 'bout a man who had caught the blues  
In his fight for fame and glory, he forgot what he had to lose  
Hold on to your loved one  
Too soon she'll be long gone  
Hold on to your loved one  
She's the only one  
She's the only one  
She's the only one
