

Jackie Lomax, I Don' Wanna Live Without You

'I don't wanna live with you this way'
But I don't wanna live without you.
'I don't wanna live with you this way'
But I don't wanna live without you.
I don't wanna live without you,
But I can't live with your ways.
I begin to doubt you - in all those subtle ways.

'I don't wanna live with you this way' -
But I don't wanna live without you.
'I don't wanna live with you this way' -
But I don't wanna live without you.
I don't wanna tell you your business
But something's seriously wrong.
There's no love lost between us - just can't go on for long.

I don't wanna live without you
I don't wanna to have to
I don't wanna live without you
I don't wanna to have to
I don't wanna live without you
I don't wanna have to doubt you
But I don't wanna live - without - without ' you.

'I don't wanna live with you this way' -
But I don't wanna live without you.
'I don't wanna live with you this way' -
But I don't wanna live without you.

I don't wanna live in this vacuum,
There's no space, and no breathable air.
I've sung the end of that tune
I know we ain't going nowhere.

I don't wanna live without you
I don't wanna to have to.
I don't wanna live without you
I don't wanna to have to.
I don't wanna live without you
I don't wanna have to doubt you.
I don't wanna live - without - without - you.
