

Jackie Lomax, One More Dream Of You

Moaning pains in aeroplanes
Who's to blame in losing games
I really don't care anymore
Can't put myself there anymore
I really don't care anymore
It all goes by so fast and cold
Can I have one more dream to hold?

The long delay before we play
Takes away all I felt today
I really don't care anymore
Can't put myself there anymore
I really don't care anymore
It all goes by so fast and cold
Can I have one more dream to hold?

Silent gloom in hotel rooms
All the tunes seem to end too soon
I really don't care anymore
Can't put myself there anymore
I really don't care anymore
It all goes by so fast and cold
Can I have one more dream to hold?
