

Jackie Lomax, Room To Move

You got your way
An' I let you have it.
Now, give me some room
I need that room to move.
Don't stop the groove - not when I'm moving -
not when I'm moving.

She's into reality
Me, I got my dreams.
As crazy as it seems
I need that time to dream.
Please don't make a scene - not when I'm dreaming -
Not when I'm dreaming.

Room to move makes your life run smooth,
Makes your heart beat sweet.
Time to dream lets you float downstream
Where you've never been.

As crazy as it seems
I need some time to dream.
Please don't make a scene - not when I'm dreaming -
Not when I'm dreaming.

You got your way
An' I let you have it.
Now, give me some room
I need some room to move.
Don't stop my groove - not when I'm moving -
not when I'm moving.

Won't you give me that time to dream?
Won't you give me that room to move?
