

# Jackie Lomax, Too Complicated

If it's too complicated  
You'll only mess up my mind  
If it's too complicated  
You'll only mess up my mind  
So keep your thing simple  
Simple and sweet  
Cause those simple things  
You know so hard to beat  
If it's too complicated  
You'll only mess up my mind

If it's too complicated  
You'll only tie up my head  
If it's too complicated  
You'll only tie up my head  
Keep a cool disposition  
In your mind  
And you'll find what you're looking for  
Every time  
If it's too complicated  
You'll only tie up your head

If it's too complicated  
You'll get in an awful state  
If it's too complicated  
You'll get in an awful state  
Now if you do have a problem  
Of any sort  
It's soon magnified  
With just a little thought  
If it's too complicated  
You'll get in an awful state

Too complicated  
Too complicated
