

Jackie Lomax, You Better Get Going Now

Can't you see that I'm down?
I just don't want you hanging 'round
I think you better get
You better get going now
You better get going now
You better get going now
You better get going now

I just heard of your love
It wasn't me you was thinking of
I think you better get
You better get going now
You better get going now
You better get going now
You better get going now

You think I can't do without you
But you'll find out you're wrong
I've found many ways to doubt you
You can't persist, you're gone

You can walk out the door
I don't need you here anymore
I think you better get
You better get going now
You better get going now -- I think you better leave
You better get going now -- as soon as you please
You better get going now -- you can walk out the door, baby
You better get going now -- I don't need you here anymore
You better get going now -- you can go, go, go, go
You better get going now -- go, go, go, go
You better get going now
