

# Jackopierce, Circle

"Time is time as we can see  
All the pages in your factory  
And the movement comes  
But too slow to come between us

Leaves grow green on trees outside  
As the years pass by I want to hide  
Far away for you and I to see

And the circle's runnin' round  
Like the waves move up and down  
Far away for you and I to see  
Far away in dark shadows behind tall trees

And our cycles stand in disarray  
Like the fragments of a broken chain  
Far away for you and I to see

Far away  
Far away in dark shadows behind tall trees

And the circle's runnin' round  
Like the waves move up and down  
Far away for you and I to see

And the circle's runnin' round  
Like the waves move up and down  
Far away for you and I to see"
