

# Jackson Browne, I'm The Cat

Baby, I'm around you enough to know when you're coming down  
And I am there with a smile, prepared to bring you around  
You're thinking that you've got me trained  
I'm aware of that  
But when you need your outlook changed  
Baby, I'm the cat

Baby, I'm allowed to be late when I'm coming home  
You know I'll be there when I want to  
And you let me roam  
You think you've got me figured out  
I don't know about that  
But when you want to twist and shout  
Baby, I'm the cat

Baby, I might not be all that  
Your fortune cookie promised you  
But I will do  
I'm the cat  
Baby I . . . Baby I'm the cat  
Oh yeah . . . Baby I'm the cat

Baby, I'm in love with the way you scratch my back  
You've got the only thing I want  
And that's a fact  
And when sometimes we disagree  
You take me to the mat  
But when I get you spinning free  
Baby I'm the cat

Baby, I might not be all that  
The gypsy woman prophesized  
But be advised  
I'm the cat  
Baby I might not be all that  
Your Magic 8 Ball said I'd be  
But you will see  
I'm the cat  
Baby I . . . Baby I'm the cat  
Oh yeah . . . Baby I'm the cat
