

# Jackson Browne, World In Motion

Sun going down in the USA  
Down on Main there's a family sleeping in a doorway  
Around the corner you can hear the sound  
People dancing around the golden calf  
Those who have not, those who have

On the billboards and the T.V. screens  
They got food and cars and toys and trucks and jeans  
Like a homeless child's fitfull dreams  
Smiling faces free from wanting  
Life's abundances beyond counting

World in motion -- speed your changes  
Close your distances, find your angels  
Lose your fears and meet your dangers  
World in motion

Once we were running through smoke and fire  
Running into the sun  
In the rush of youth, for love and truth  
Our deeds were done  
Now we awake with a world at stake  
And a race we run  
We run

Sun going down on the USA  
Sun coming up a hundred years away  
On another world and another time  
Things like hunger, greed and hatred  
One way or another, gonna be eradicated

World in motion -- speed your changes  
Close your distances, drive your angels  
Lose your fears and meet your dangers  
World in motion

'Till the world I look out at this world and see  
Is the world I know this world can be  
You have a volunteer in me  
Now come on
