

Jackson United, Trigger Happy

start at the ending
you should give up all defending
losing battle never ending
the beginning of your war

there's no backing down now
an arrogance you're found out
you're frowning on your way out
still clinging to the door

you know you laugh when you talk about
laugh when you talk about it
but you're just scared
you know you laugh when you talk about
laugh when you talk about it
but you don't care

i don't believe in
the nation you're deceivin'
hypocrisy inbreedin'
ideology assured

just think for a moment
on the other side you torment
you know human life is holy
cast aside

you know you laugh when you talk about
laugh when you talk about it
but you're just scared
you know you laugh when you talk about
laugh when you talk about it
but you don't care

could you pull the trigger
could you pull the trigger could you
pull the trigger on me
could you pull the trigger
could you pull the trigger could you
pull the trigger on me
could you pull the trigger
could you pull the trigger could you
pull the trigger on me
could you pull the trigger
could you pull the trigger could you
pull the trigger on me
