

# Jackyl, Cut The Crap

I love the sound of silence  
The beautiful sound of silence  
'Cause it gives me something else to break  
I'm loud God damn it  
You shut the door, I slam it  
A load of dynamite powder  
It's loud God damn it, I'm louder  
Cut it on, so I can hear it  
Cut it up, 'cause I can't feel it  
Cut it out, before I snap  
Cut the crap  
Cut the crap  
Cut the crap  
Cut the crap  
Cut it on, so I can hear it  
Cut it up, 'cause I can't feel it  
Cut in out, before I snap  
Cut it on, so I can hear it  
Cut it up, 'cause I can't feel it  
Cut it out, before I snap  
Cut the crap  
Cut it on, let's get it on  
Cut it up, let's get it up  
Cut it out, I'll kick it out  
Cut the crap  
Cut the crap  
Cut the crap
