

Jackyl, I Am The I Am

I am I am the I am I am the I am
I am I am the I am I am the I am
I am I am the I am I am the I am
I am I am the I am
I am now

I am now where I wanna be
No longer under your rule, your thumb, I am now free
I am now in touch with me
I now walk the walk, I rule, I am now free

And now you take a number
Now you get in line
'Cause you don't live in your life
Now you live in mine

CHORUS

I am here
I am here, I'm the only way
If you go, you'll go through me (yea) 'cause I'm here to stay
I am here day after day
And I'll march through walls and time and you
I'm here to stay

And here I am the man
And here I am the one
If I don't choose to do it
Then here it don't get done

CHORUS

I am when the now is then
I been here before (yea) and now I'm back again
Now here I am, right, and my arm is long
In my life I make the rules, so I am never wrong

CHORUS
