

# Jackyl, Mental Masturbation

Something ripped a vein  
I drive myself insane  
Kiss my ass good-bye  
Flush it down the drain  
I'll make it fit  
Mental masturbation, I think it's time to use my fist  
I got lost in all the hustle  
Forgot to build a muscle  
A boogie shooter in the gig near Russell  
I don't give a shit  
Mental masturbation, I think it's time to use my fist  
Come on boys  
Well my baby's come undone  
Now she ain't no fun  
The bitch has got my candy  
But won't give me none  
Ain't that some shit  
Mental masturbation, I think it's time to use my fist  
Mental masturbation, I think it's time to use my fist  
Mental masturbation, I think it's time to use my fist
