

# Jacob Young, She Made Me Love You More

She was lips and eyes  
Touching me  
Now you say you realize  
You can't trust in me  
You're mad you're hurt baby  
I don't blame you  
I can't resist the flirts  
Even when I am to  
Don't be upset, baby please don't cry

## CHORUS:

She made me love you more  
I forgot her the minute  
She walked out the door  
You wanna know what she did to me  
She made me love you more  
Yes she made me love you more

Moan

Moan

She was hips and thighs lusting me  
I make no alibis, honestly  
Deep in my heart you're the only one  
You say you're torn apart by what I have done  
I learned a lot, believe or not

## CHORUS REPEAT

She was fake and you are real  
I learned a lot about the way I feel  
Don't wanna lose you over something like this  
Baby forgive me

She was lips and eyes  
Touching me  
Now you say you realize  
You can't trust in me  
You're mad you're hurt baby  
I don't blame you  
I can't resist a flirt even when I aim to  
Don't be upset, baby please don't cry

## CHORUS REPEAT (2x)

She made me love you more (9x)
